

## Rules for Insulin Signaling Game 2

1. Make sure the cards are in order from A to G. Do not write on the cards!
2. Take cards A and B and look at the images. Decide which step goes first. When you are finished, look at the first page of the key. If you are correct, give yourself a point.
3. Now take card C and decide where it goes (At the beginning, the end or between the cards). Again check if you are correct. This is also worth 1 point.
4. Continue the process for the remaining cards. Each card is worth 1 point.

The maximum score is 7 points
